SPRINGTIME BULB FARMS , INC.

LEBANON, OHIO

SPRINGTIME PEAT POTS

THE ALL-PURPOSE STARTER POT

Springtime Peat Pots are made of compressed peat moss and pulp. These pots are impregnated with fertilizer and make an ideal starting medium for the indoor planting of seeds and bulbs.

Pots are so designed that when planted in the ground they soon disintegrate without any 'transplant shock' to the started plant or bulb.

Packed in 'tear-tape' cartons this is an easy item to display anywhere in the store, and particularly near your Begonias, Caladiums and Gloxinias early in the season.
